

# TROKRAKA ROTACIONA PREPREKA

ŠIFRA PROIZVODA: DAS-Q50S

## NIŽE U ORIGINALU

### Features of Tripod Turnstile

- Long-life performance, high operation dependability and fast response
- The whole system runs smoothly, low noise, no mechanical impact
- Single directional or bi-directional is selectable
- Automatic reset function: swing arms will lock automatically within 5s (can be setting) if passenger delay to entry
- When power is off, arms will drop down automatically, which is complying with fire safety requirements
- LED indicator (red means no entry; green means entry)
- Only one person can pass at one time, to prevent the illegal following
- Easy to install and maintain
- 3-year warranty support

### Integrate Any Access Controllers

Model DAS-Q70 can be integrated with any 3rd access control systems, like card, QR/bar code, biometric, button, remote control, palm vein and so on.
